**PURPOSE AND OBJECTIVES OF THE NCSH, INC.**

This Society was organized in 1941 for the purpose of collecting and preserving North Carolina history, traditions and folklore on not only the state-wide basis, but on the local and county levels ; and to aid in and encourage the exchange of information between members.

We encourage the research, collection and preservation of all aspects of North Carolina history, including genealogy and archaeology, through our awards program which fulfills one of our Society's objectives. Several awards, by their nature, are restricted to North Carolina residents while others are not. ALL material submitted MUST deal with some aspect of North Carolina history.

Please note that awards are NEVER restricted to Society members. Membership is NOT mandatory. YOUR MEMBERSHIP in our organization, though, will not only show approval of our efforts, but will provide valuable assistance in seeing that we reach our goals.

Our NEWSLETTER keeps members informed of our activities, accomplishments, and aids in the exchange of information between our members. It also promotes the works of members as well as yearly award winners in the Society's primary project, our annual awards program. Members will receive issues as volunteer time for the publication is available.

We are always glad to accept queries for publication in our newsletter. Queries are subject to editing.
